COMMUNITY

Look what happened to the Community Centre... !!!!!

Our community centre has become a key storage and distribution hub for donated food and for the provision of emergency food parcels and cooked meals to vulnerable individuals and families throughout the borough.

Our chefs have been batch-cooking a range of healthy meals that can be frozen in single portions. Multiple boxes of these have already been distributed to the Single Homeless Project, the 999 Club, the Pepys Community Shop and the Clock House Community Centre

For details about where to ask for help or to offer your services as a volunteer, please go to our website www.gcda.coop

Your local faith group's website or Facebook page might have information about services that are being made available online. We've put together a list of some of the faith groups in Greenwich that are streaming services online." **There is a direct link to our Woolwich Community Church website and services!**

THE WORLD

International Relief Appeal

Here in the UK our government has provided some extraordinary financial support packages for individuals and businesses. But for many of our Pioneer family in developing nations this level of support does not exist. Communities are in lockdown with no means of support. Food and basic provisions are becoming harder to get hold and starvation is posing as big a threat as COVID-19.

Many Pioneer churches are doing all they can to meet the needs in their communities but with limited resources. So Pioneer has decided to set up an International Relief Appeal to support those churches in developing nations who are on the frontline serving and feeding their communities.

Go to **<https://pioneer.org.uk/international-appeal/>** if you want to donate.
